

Alamo Logistics

Has received a rating of "C" from the Better Business Bureau. This is simply because we have not agreed to the \$800.00 price tag associated with an "A" rating. If you visit <http://www.bbb.org> you will see that we are in fact on their register and have not received ANY negative complaints within the last 36 months. (Their standard reporting period timeframe).

The BBB has contacted Alamo Logistics several times regarding signing up for their service and we are very much interested in giving you the customer as much peace of mind as we can, but we feel that "paying" for a rating of "A" is simply not honorable.

We do however invite you to visit <http://www.transportreviews.com> and look up Alamo Logistics in order for you to read real customer reviews from customers who have allowed us to be of service to them. Rest assured that we take pride in our customers COMPLETE SATISFACTION.

Alamo Logistics is owned and operated by Bill W. Cooper who has transported vehicles since 2001. He was a driver prior to transitioning into his role now as a broker and still holds the customer's needs and requests above all else.
